SUMMARY

Self-motivated IT professional with hands-on experience in full-stack web development, UI/UX design, and SEO-driven website creation. Successfully developed and deployed multiple end-to-end projects, including a music collaboration platform and an e-commerce bidding site, using frameworks like Django, FastAPI, and PHP. Proficient in front-end and back-end technologies, CMS tools, and database management. Eager to contribute to impactful software solutions while continuing to build advanced technical expertise.

PROJECTS

- **Sounz**
A full-featured social media platform enabling music composers to upload, explore, and collaborate on compositions, incorporating video and audio support, user authentication, and interactive features.
